## Business lunch club

**A LUNCH club run for businesspeople by businesspeople has started at Ston Easton Park Hotel.**

The meetings will run bi-monthly and have been started by the hotel's sales and marketing manager, Sarah Briggs.

The meetings include a lunch and the speaker as well as the opportunity for members of the business community to speak about their work if they wish.

January's speaker was Clapton-based businessman Roy Sheppard whose latest book is Rapid Results Referrals. His company is People

Portfolio International, which specialises in reputation marketing.

Mr Sheppard stressed that the lunch club could become whatever the members wanted it to be and could be used as a forum which would benefit all its members.

Sally Britton, of re-Vision, an organisation consultant, said that most of her clients were from all parts of the country she welcomed a chance to meet people from the local business community.

The next meeting will be on March 19 and anyone interested should contact Sarah Briggs on 01761 241631.
